DEGREE TRACKING WORKSHEET

This worksheet provides a way to track the coursework you are completing to fulfill your General Education, major, and minor field requirements. However, WebCAPP, a web-based automated degree-checking tool, is a much better way to do this. Although not directly accessible by students at this time, you may receive a WebCAPP report from your academic advisor, the Academic Advising and Student Success Center, or the Registrar's Office. A graduation checklist on official paper will be made by the Registrar's Office after you have earned 80 credits and completed the petition-to-graduate process.
