

***Would you like 100% of
medical school paid for?***

***More interested in practicing medicine than dealing
with overhead costs and insurance companies?***

**Then you should consider the
Navy's Healthcare Provider
Scholarship Program!**

**If having 100% of your medical school paid for is not enough of an
incentive, you also receive a *monthly stipend of \$1,279.00!***

**Upon completion of your scholarship, you will come into the
Navy as an Officer & Physician for four years. Four years of
experience and adventure that no civilian hospital can match.
There are also two and three year scholarships available with
just a year for year payback option.**

**If you are a U.S. citizen and in good health, and have a 3.0 GPA
and a 25 MCAT, we may have a scholarship for you. There is also
a fast track selection for students with a 3.5 GPA and a 27 MCAT.**

***If you would like more information, or would like to speak with fellow
students who are taking advantage of this scholarship, contact Sam Collins
at (505) 346-2745 or e-mail to or2_phx@cnrc.navy.mil.***

This is not ROTC!

***Earn your medical license. Begin
your practice. Become a Naval Officer
and proudly serve your country. A
respected member of a highly trained
team of medical experts. To learn more,
go to navymedicine.med.navy.mil***
