## Policy Summary:

This policy is to maintain a safe environment for the College community and provide applicants with a criminal history the opportunity for admission to the College.

## Policy Statement:

1. Fort Lewis College (FLC) strives to provide a safe environment for its students, employees, and guests.
2. FLC adopts policies and procedures that are reasonable and necessary for the health and safety of the campus.
3. The FLC application for admission contains a question asking whether the applicant has been convicted of or has any pending felony criminal offense or misdemeanor assault or sexual offense.
4. FLC does not automatically deny the admission of individuals with a criminal history. However, the College reserves the right to deny or place conditions of admission, continued enrollment, or re-enrollment of former students on those whose disciplinary and/or criminal history indicates that their presence at FLC may compromise the health, safety, welfare, or property of members of the campus community or may interfere with the orderly and effective performance of the College's functions and programs.
5. The Dean of Student Engagement or designee (hereinafter, the DSE) is charged with reviewing applications for admission from applicants with a criminal history and making admission decisions regarding the following: 1. Whether applicants for admission who provide affirmative responses to the application for admission's criminal history question should be recommended for admission, and whether such admission should or should not include conditions. 2. Whether students who are charged with a serious crime, after enrollment or confirmation to enroll, but prior to matriculation, should be eligible to continue to enroll or should admission be revoked.
6. The DSE may consult with FLC Police, Counseling Center, Student Housing, and others for final recommendation of admission decisions.
7. The DSE will address all matters pertaining to applicants with a criminal history and shall have access to all relevant records and have the right to communicate with any persons, including experts, who may supply information relevant to the issues. The DSE may request a personal interview with the applicant.
8. All records, reports, and procedures under this Policy shall be held in strict confidence. All proceedings and decisions will be made in compliance with all federal and state non-discrimination laws while considering the College's obligation to promote the safety and welfare of the FLC community and protect its property.
9. If the College becomes aware, on or before the census date of the first term, that an enrolled student failed to answer the crime question truthfully, the Admission Director will decide

whether the student's admission needs to be revoked after receiving additional information from the student.

10. If the College becomes aware, after the census date of the first term, that an enrolled student failed to answer the crime question truthfully during the admission process, the DSE will contact the student for more information and decide whether the student's continued enrollment should be denied.

*Students who were not truthful with the criminal background information will be responsible for any costs incurred for their attempts to be admitted or enroll and will not be eligible to file appeals for financial adjustments, such as tuition, fees, campus housing, and meal costs.*
